Just-in-time training is delivered to practitioners to allow for the rapid acquisition of specific skills or knowledge when the need arises. Drawing from the experience of the COVID-19 pandemic, which resulted in the demand for immediate training of medical staff and other first responders in different aspects of infectious disease outbreak response, the webinar will expand on the current and potential applications of this concept response organisations with best practices and methodologies. Five pan-European networks of practitioners - **eNOTICE, FIRE-IN, NO FEAR, DAREnet and MEDEA** jointly invite participants to this live webinar and will present three keynote speakers with different backgrounds, providing insights and first-hand experience obtained during real

How to join the webinar

Participation is free and open to training professionals, practitioners, researchers and other interested stakeholders from different disciplines. To receive your personal invitation, please register at the webinar website <https://www.practitionernetworks.eu/>.

Access: The webinar will be hosted on GoToWebinar; an access link will be provided to registered participants by e-mail after registration.
